1. Q: What am I voting on?

A: The election of nominees to serve on our Board of Directors and any other business that properly comes before the 2003 annual meeting of shareholders (“the Meeting”).

2. Q: How does the Board of Directors recommend I vote?

A: The Board of Directors recommends that you vote **FOR** each of the nominees for Director listed on page 4.

3. Q: Who is entitled to vote?

A: Shareholders of record of Class A Common Stock or Class B Common Stock at the close of business on May 1, 2003 may vote at the Meeting.

4. Q: What does it mean if I receive more than one proxy card?

A: If you have received more than one proxy card, it is likely that your shares are registered differently or are in more than one account. You should sign and return all proxy cards to guarantee that all of your shares are voted.

5. Q: How many votes do I have?

A: Each shareholder has one vote per share of Class A Common Stock and ten votes per share of Class B Common Stock owned of record at the close of business on May 1, 2003.

6. Q: How do I vote?

A: If you are a registered shareholder (that is, if you hold your Steelcase stock directly in your name), you may vote by telephone, the Internet, mail or by attending the Meeting and voting in person.

To vote by telephone or the Internet: Please follow the instructions on the proxy card. *The deadline for voting by telephone or the Internet is 11:59 p.m. Eastern Daylight Time on June 25, 2003.*

To vote by mail: Please complete, sign, date and return the accompanying proxy card in the enclosed postage-paid envelope. *Only those proxy cards received and processed before 11:00 a.m. Eastern Daylight Time on June 26, 2003 will be voted.*

If you hold your stock in “street name” (that is, your shares are registered in the name of a bank, broker or other nominee, which we will collectively refer to as your “broker”), you must vote your shares in the manner required by your broker.

Whether you vote by telephone, the Internet or mail, you may specify whether your shares should be voted for all, some or none of the nominees for Director.

If you do not specify a choice and you use the enclosed proxy card, your shares will be voted **FOR** the election of all nominees for Director listed under “Proposal Requiring your Vote — Election of Directors” on page 4.

If you do not specify a choice and you use a ballot card supplied to you by your broker, the rules of the New York Stock Exchange (“NYSE”) provide that your broker can vote as they wish on the election of nominees for Director.

7. Q: How will voting on any other business be conducted?

A:For any other matter that may properly come before the Meeting, your shares will be voted in the discretion of the holders of the proxy. As of May 1, 2003, we do not know of any other matter to be considered at the Meeting.

8. Q: Can I revoke my proxy?

A:If you appoint a proxy, you may revoke it at any time before it is exercised in any of three ways:

15. Q: What if multiple shareholders share the same address?

This practice is known as “householding” and helps reduce our printing and postage costs. Any shareholder residing at such an address who wishes to receive separate documents can obtain them by calling (800) 542-1061 or writing to: ADP Householding Department, 51 Mercedes Way, Edgewood, New York 11717.

PROPOSAL REQUIRING YOUR VOTE — ELECTION OF DIRECTORS

Our Board of Directors currently consists of eleven Directors divided into three classes (Classes I, II and III), serving staggered three-year terms. David Bing, who has served as a Director since 1998, has decided not to stand for re-election as a Class II Director due to personal commitments. Because Steelcase's Second Restated Articles of Incorporation specify that the classes must be as equal in number as possible, the Board of Directors has nominated Elizabeth Valk Long, who has been a Class III Director since 2001, to stand for re-election as a Class II Director. Ms. Long's election will create a vacancy in Class III, which will remain vacant until the Board of Directors fills it or reduces the number of Directors that make up our Board to ten.

There are three nominees for election this year. Each is nominated to serve as a Class II Director for a three-year term that will expire at the 2006 annual meeting. The following pages contain information regarding the Director nominees and our other Directors.

CORPORATE GOVERNANCE MATTERS — COMMITTEES OF THE BOARD OF DIRECTORS

Our Board of Directors held four meetings during the fiscal year ended February 28, 2003. All Directors attended 100% of the board meetings and the meetings of committees on which they served during the year.

The Board of Directors is committed to monitoring the effectiveness of policy and decision making at the Board and management levels. The Board's goal is to provide oversight, counseling and direction to management in a manner that helps build long-term shareholder value and assures the vitality of Steelcase for its customers, employees and other constituencies. In fulfilling its responsibilities, the Board has full and free access to Steelcase's management and, as appropriate, its outside advisors. The Board and each of its Committees may also hire independent legal, financial or other advisors as they deem necessary, without consulting with or obtaining advance approval from any member

of management.

Table of Contents

Four standing Committees assist the Board of Directors in fulfilling its responsibilities, as follows:

- Reviews the auditor's independence; and
- Monitors compliance with the Audit Committee Charter.

Compensation Committee (and Sub-Committee)

- Establishes, reviews and determines any proposed changes to Steelcase's compensation philosophy and benefit plans;
- Establishes the base salary of our President and Chief Executive Officer and reviews executive and other management compensation practices; and
- The Compensation Sub-Committee is composed entirely of outside directors as defined by Section 162(m) of the Internal Revenue Code. This Sub-Committee establishes performance-based compensation for certain executives in compliance with Section 162(m), which governs the deductibility of certain compensation.

In fiscal year 2003, we compensated our non-employee Directors as follows:

Type of Compensation	Director	Board Chair
Annual Retainer	\$25,000	\$90,000

Table of Contents

Each Director is also reimbursed for out-of-pocket expenses incurred to attend meetings of our Board of Directors or its committees. Mr. Hackett, as an employee, is not paid for his service as a Director or committee member.

Each non-employee Director can participate in the Steelcase Inc. Non-Employee Director Deferred Compensation Plan. Under this plan, the Director may defer all or part of the retainer and/or committee fees until he or she no longer serves on our Board of Directors. A participating Director may elect to have the deferred amount deemed invested in the Steelcase Class A Common Stock or in any of several investment funds.

In fiscal year 2003, non-employee Directors owning fewer than 1,000 shares of Steelcase common stock were required to defer at least 25% of their retainer as a deemed investment in Steelcase Class A Common Stock.

Each Director participates in the Steelcase Inc. Incentive Compensation Plan. Each person who was a non-employee Director in fiscal year 2003 received a non-qualified stock option for 8,000 shares of Class A Common Stock under that plan, except Mr. Holton, who received a non-qualified stock option for 19,000 shares of Class A Common Stock.

Each non-employee Director is eligible to receive healthcare coverage under our Benefit Plan for Outside Directors. In addition, William P. Crawford, David D. Hunting, Jr., Frank H. Merlotti, Sr., and Robert C. Pew III currently receive or are entitled to receive payments under supplemental retirement and/or deferred compensation arrangements that were in effect when their active employment with Steelcase ended.

Steelcase Directors serving on a subsidiary's board of directors are paid a retainer and/or fees for their attendance at meetings. During fiscal year 2003, Mr. Wege II earned \$15,000 and Mr. Crawford earned \$8,500 for such service. Directors are also reimbursed for out-of-pocket expenses incurred to attend meetings.

STOCK OWNERSHIP OF MANAGEMENT AND MORE THAN 5% SHAREHOLDERS

The table below shows the amount of Steelcase common stock beneficially owned as of May 1, 2003 (unless another date is indicated) by:

1. Each person serving as a Director as of May 1, 2003;
2. Each executive officer named in the Summary Compensation Table on page 18;
3. Each other person known by Steelcase to beneficially own more than 5% of Steelcase Common Stock; and
4. Directors and all executive officers, as a group.

Generally, a person "beneficially owns" shares if the person has or shares with others the right to vote those shares or to dispose of them, or if the person has the right to acquire voting or disposition rights within 60 days after May 1, 2003 (for example, by exercising options). In most cases, each individual has the sole power to vote or dispose of the shares shown as beneficially owned in the table below. Where this is not the case, voting and disposition powers are clarified in the notes following the table.

Notes:

- 1 Each share of Class B Common Stock can be converted at the option of the shareholder into one share of Class A Common Stock and is automatically converted into a share of Class A Common Stock when transferred to a person who is not a Permitted Transferee (as defined in Steelcase's Second Restated Articles of Incorporation). The number of shares of Class A Common Stock and percentages shown for Class A Common Stock do not account for this conversion right. If, however, the number of shares of Class A Common Stock beneficially owned by each shareholder was calculated to include the number of shares the shareholder would acquire upon conversion of his or her Class B Common Stock, the following shareholders, in addition to those reflected in the table above, would be deemed to beneficially own the number of shares of Class A Common Stock and the percentage of the total shares of Class A Common Stock listed after their names:

REPORT OF THE AUDIT COMMITTEE

The Audit Committee consists of five independent Directors, as defined by the rules of the NYSE, and acts under a written charter that is reviewed and assessed annually.

Management is responsible for Steelcase's financial reporting process and its internal controls regarding finance, accounting, legal compliance and ethics. BDO Seidman, LLP, Steelcase's independent auditor, is responsible for performing an independent audit of Steelcase's consolidated financial statements in accordance with auditing standards generally accepted within the United States and for issuing a report. Our role as the Audit Committee is to serve as an independent and objective party to monitor these processes on behalf of the Board of Directors and to review the audit efforts of Steelcase's internal and independent auditors.

In this context, we have discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communications with Audit Committees, as amended. In addition, we received the written disclosures from the independent auditor required by Independence Standards Board Standard No. 1 and

Table of Contents

reviewed, evaluated and discussed the written report with that firm and its independence from Steelcase.

We discussed with Steelcase's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee also reviewed and discussed with management Steelcase's audited financial statements. The Audit Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of Steelcase's internal controls, and the overall quality of Steelcase's financial reporting.

Based on the review and discussions referred to above, and relying on the representations of Steelcase's management and the independent auditor's report, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in Steelcase's Annual Report on Form 10-K for the fiscal year ended February 28, 2003.

AUDIT FEES

The following table shows the estimated fees for the audit of the consolidated financial statements and the other fees paid to our independent auditor during fiscal year 2003:

Independent Auditor Fees (Estimated)	
Audit Fees	\$434,000
All Other Fees	\$596,000

The services included within "All Other Fees" relate primarily to audits of employee benefit plans, statutory audits of subsidiaries and tax consulting services. Our independent auditor did not render any services on information systems design or implementation during the last fiscal year. The Audit Committee has determined that providing the services reflected in "All Other Fees" is compatible with the maintenance of BDO Seidman's independence.

EXECUTIVE COMPENSATION: REPORT OF THE COMPENSATION COMMITTEE AND THE COMPENSATION SUB-COMMITTEE

Executive Compensation Philosophy

Steelcase values the contributions of all employees and shares profits through broad-based incentive arrangements to motivate teamwork for our success. Incentive opportunity for all employees is based on the Company's profitability and, consistent with market practice, represents a larger percentage of total pay at higher levels in our organization.

Table of Contents

In keeping with the above philosophy, the Compensation Committee and Compensation Sub-Committee (collectively, the “Compensation Committee”) have developed an executive compensation philosophy that is intended to:

- Attract and retain highly qualified, experienced and motivated executives needed for Steelcase’s success;
- Provide for a total pay package that is competitive with compensation by a group of global industrial companies similar in size to Steelcase;
- Reward executives based on Steelcase’s profitability; and
- Align executives’ interests with the interests of shareholders for the long-term success of Steelcase.

Each year the Compensation Committee reviews executive base salaries and annual and long-term incentives. The Compensation Committee also reviews and approves any proposed changes to Steelcase’s compensation philosophy and benefit plans.

Section 162(m) of the Internal Revenue Code generally limits the tax deductibility of annual compensation paid to certain officers to \$1 million. The Compensation Committee’s goal is to structure the compensation paid to these individuals to maximize deductibility for federal income tax purposes; however, when deemed necessary, the Compensation Committee retains the flexibility to pay compensation that may not be deductible to promote the incentive and retention goals described above.

Components of Compensation

In fiscal year 2003, our executive compensation program consisted of three components:

- Base salary;
- Annual and long-term incentives; and
- Stock options.

Base Salary

The Company sets base salaries as one part of total direct pay (base salary plus annual incentive) of our executives. We target total direct pay at the median level of our comparison group of companies. We make annual salary comparisons to similar positions of responsibility within the comparable group and obtain supplemental information from other survey sources as necessary. In fiscal year 2003, we revised our comparison group of companies to better align with the office furniture industry and Steelcase’s decreased size, as determined by revenue.

In determining the base salary of Mr. Hackett, the Compensation Committee considers the following:

- Market data from comparable companies;
- Steelcase’s financial performance and growth;
- Mr. Hackett’s leadership; and
- His establishment and implementation of Steelcase’s strategic direction.

Table of Contents

Mr. Hackett is excluded from any portion of a committee meeting in which his compensation is discussed.

Mr. Hackett establishes base salaries of the other executive officers based on his assessment of individual performance and market data from comparable global industrial companies.

Annual and Long-Term Incentives

The Steelcase Inc. Management Incentive Plan provides annual and long-term incentive compensation to participating employees. The annual and long-term bonus payments under this plan are determined on the basis of Steelcase's actual performance compared to our targeted performance and are measured by economic value added, or "EVA." EVA is a profit measurement that reflects all of our operating costs, including the cost of capital.

At the beginning of each fiscal year, the Compensation Committee approves a target incentive schedule representing percentages of base salary for annual and long-term bonus payments. The Compensation Committee exercises discretion in setting the targets and considers factors such as the median of market data for similar incentives and Steelcase's historical and projected performance. At the beginning of each fiscal year, the Compensation Committee approves the leverage factors and any adjustments for acquisitions or required accounting changes. At the end of each fiscal year, the Compensation Committee reviews actual EVA performance and compares it to the EVA targets. The Compensation Committee then determines a "bonus multiple," based two-thirds on the growth in EVA and one-third on absolute EVA results. Target annual and long-term incentive percentages are multiplied by the bonus multiple to calculate each employee's actual incentive percentages, which are then multiplied by the employee's base pay to determine his or her annual and long-term incentive awards for the fiscal year.

Annual incentives are paid in cash after the end of the fiscal year. The long-term incentive can be paid in any combination of cash or other forms of payment, including stock options and other forms of equity. Steelcase pays the cash portion of long-term incentives over three years in substantially equal payments beginning one year after the year in which it is credited. The unpaid cash portion is generally adjusted at the end of each year based on the positive or negative return on shareholders' equity for the fiscal year, before payment of any dividends.

For fiscal year 2003, Mr. Hackett had a target annual incentive percentage of 65% and a target long-term incentive percentage of 110%, which were the maximum percentages permitted under the plan. The maximum annual incentive payment under the plan is \$3 million and the maximum long-term incentive payment is \$4 million, inclusive of cash and other forms of payment.

For fiscal year 2003, Steelcase's actual EVA performance was significantly below targeted levels. Accordingly, employees did not earn any annual incentives and no long-term amounts were credited under this plan. The negative return on equity adjustments for fiscal years 2002 and 2003 were applied.

During fiscal year 2003, the Compensation Committee initiated a review of long-term incentive compensation. It is the desire of the Compensation Committee to ensure that

Table of Contents

the incentives attract and retain the best talent and motivate management to achieve desired performance results.

Stock Options

The Compensation Committee granted stock options in fiscal year 2003 to participants in the Management Incentive Plan, including the executive officers named in the following tables. We based these option grants on long-term incentive market data and our desire to align management with the interests of shareholders. The value of the stock options granted in fiscal year 2003 approximate the median long-term incentive values for other comparable global industrial companies.

Deferred Compensation

To compete with other comparable global industrial companies, we have a Deferred Compensation Plan. This plan permits eligible participants, including the executive officers named in the Summary Compensation Table, to defer up to 25% of their current base salary and/or up to 50% of their Management Incentive Plan annual incentive payments before income taxes. Each participant elects how the deferral amounts will be deemed invested among various investment funds selected by Steelcase. The total amount of deferral plus investment earnings is paid to the participants or their beneficiaries upon leaving employment.

Option Grants in the Last Fiscal Year

The table below shows options to acquire Class A Common Stock granted during fiscal year 2003 under our Steelcase Inc. Incentive Compensation Plan to the executive officers.

James P. Hackett	367,290	10.1%	\$16.45	3/20/2012	\$1,647,406

Michael Love	65,000	1.8%	\$16.45	3/20/2012	\$ 291,545

Notes:

1 These options were granted on March 20, 2002 and vest in three substantially equal installments at the end of each subsequent year. Upon retirement, each officer's options will continue to vest as if employment continued, but vested options may only be exercised within the following five years or remaining term of the options, whichever is earlier. In the event of a change of control as defined in the plan, all options immediately vest. The options fully vest upon death or total disability and may be exercised within five years of the event or remaining term of options, whichever is earlier, but in no event sooner than six months from the date of grant. If an officer is terminated for gross misconduct or engages in certain competitive activity, vested and unvested options will be forfeited. Upon termination of employment for any other reason, vested options may be exercised within 90 days and any unvested options will be forfeited. Options cannot be exercised after March 20, 2012.

2 These values were determined using the Black-Scholes option pricing model based upon the following assumptions:

- Market price volatility of 37.9%;

- Exercise of the option in 4.0 years;
- A risk-free rate of return of 4.3%; and
- An annual dividend yield of 2.7%.

Table of Contents

Our use of the Black-Scholes option pricing model does not mean that we believe that this model accurately determines the value of the options. The actual value of the options, if any, realized by an officer will depend on the extent to which the market price of the Class A Common Stock exceeds the exercise price of the option on the date the option is exercised. Consequently, there is no assurance that the value realized by the officer will be at or near the above estimated value. These amounts should not be used to predict stock performance.

Executive Supplemental Retirement Plan

The Company maintains the 1994 Executive Supplemental Retirement Plan. This plan was amended and restated effective March 27, 2003 and was renamed the Steelcase Inc. Executive Supplemental Retirement Plan. Other changes were made to streamline and clarify administration.

The Compensation Committee determines who participates in the plan. Each executive officer named in the Summary Compensation Table is a current participant.

Table of Contents

Under this unfunded plan, each participant receives the following benefits:

- Five annual payments equal to 70% of the officer's average base salary for the three consecutive calendar years prior to retirement or death, multiplied by the vested percentage; and
- Fifteen annual payments each equal to \$50,000, multiplied by the vested percentage.

Benefits normally begin in March of the year following:

- Retirement at age 65;
- Retirement before age 65 if the officer's age plus years of continuous service with Steelcase equal 80 (early retirement); or
- The officer's death or total disability.

In the event of early retirement and with the approval of the plan's administrative committee, an officer can elect within a specified time frame to receive benefits earlier in lower annual amounts and ending on the date the final payment would have been made had no earlier benefits been elected.

The table below shows the estimated annual income benefits payable to each of the executive officers named in the Summary Compensation Table, or his or her beneficiary, over a five-year period, assuming that no early payment election is made and all plan requirements are satisfied:

Restoration Retirement Plan

Each executive officer named in the Summary Compensation Table participates in our Restoration Retirement Plan. Each participant in the Management Incentive Plan for the full plan year, including each executive officer named in the Summary Compensation Table, is eligible to participate in our Restoration Retirement Plan. We make annual contributions to a participant's account at the same combined rate of contribution for the plan year used in determining benefits under our Retirement Plan. Eligible compensation under the Restoration Retirement Plan is the amount of the participant's base salary and annual bonus under the Management Incentive Plan that exceeds the limit under Internal Revenue Code Section 401(a)(17), but not more than twice the limit. Each participant's account balance is credited annually with earnings at the same rate of return on investments for the participant under the Steelcase Inc. Retirement Plan for the same plan year. No earnings are credited following termination of employment.

Benefits are payable from the Restoration Retirement Plan after a participant terminates employment according to the following vesting schedule:

OTHER MATTERS

Voting

Michigan law and our Bylaws require a quorum for the Meeting, which means that holders of a majority of the voting power entitled to vote, need to be present in person or represented by proxy. Withheld votes and abstentions are counted in determining whether a quorum has been reached.

Assuming a quorum has been reached, we must determine the results of the vote on each matter submitted for shareholders' approval. The Director nominees need to receive a plurality of the votes cast at the Meeting for the election of Directors.

Under the rules of the NYSE, brokers who hold shares on behalf of their customers (shares held in street name), can vote on certain items when they do not receive instructions from their customers. However, brokers are not authorized to vote on "non-routine" matters if they do not receive instructions from their customers. The election of Directors is a "routine" matter under the NYSE rules. Therefore, brokers holding shares in street name for their customers can vote as they wish on behalf of any customer who does not give his or her broker instructions on how to vote in the election of Directors.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our Directors, certain officers, and those who beneficially own more than 10% of either of our Class A Common Stock or Class B Common Stock ("Section 16(a) Filers") to file initial reports of ownership and changes in their ownership of shares of Steelcase Common Stock with the SEC. Section 16(a) Filers are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. Based on our review of the copies we received of those reports, or written representations that no reports were required, we believe that, from February 23, 2002 through February 28, 2003, our Section 16(a) Filers complied with all applicable filing requirements except that each of the Kate I. Bryant Marital Trust, William P. Crawford, Robert C. Pew II and Peter M. Wege filed a late report with regard to one transaction, Mary W. Corl filed a late report with regard to five transactions, James C. Welch filed a late report with regard to eight transactions, W. Michael Van Haren filed a late Form 3 and Kate Pew Wolters filed a late amendment to a timely filed Form 3.

Solicitation of Proxies

Steelcase will bear the cost of soliciting proxies, which will be solicited by mail, in person or by telephone by our Directors, officers and employees, who will not be additionally compensated for those activities. We will also reimburse banks, brokers, nominees and other fiduciaries that we request to forward these proxy materials for reasonable expenses they incur in forwarding these materials to the beneficial owners of our Class A Common Stock and Class B Common Stock.
